

## Comprehensive Patent Insurance

- ✓ Claims support reduces per case costs by ~60%
- ✓ Litigation expertise simplifies case management
- ✓ Risk mitigation minimizes impact on operations

### A Solution for Every Level of Patent Litigation Risk

#### Emerging Risk

Designed for early-stage companies that are just starting to face patent risk.

#### Standard Protection

For companies that have already begun to face some threat of infringement litigation.

#### Volatility Risk

Provides coverage for companies facing variable frequency and spikes in patent litigation costs.

#### Indemnification

Allows technology providers to extend their infringement liability coverage to customers.

#### Portfolio Protection

Specialized patent risk coverage for companies in venture capital and private equity portfolios.
